August 03, 2026

Performed 100 hour inspection of propeller IAW FAR 14 CFR appendix d, McCauley, and Cessna T182T maintenance manual. Inspected blades, hub, spinner, and associated hardware for security, cracks, corrosion, leaks, and general condition. Blade surfaces and leading edges were inspected for damage. Inspection was done using safe practices outlined in FAR Part 43.

With respect to the work performed, this propeller is approved for return to service. Details of work performed are on file with Aircraft Service & Parts Corp. under work order: 3559.
